YOUR HOLIDAY EXPERIENCE WITH LAKE ACCESS

Here at our Park-Camping Lindau a holiday experience awaits you that is unparalleled on Lake Constance. When you enjoy your „temporary home“ on Lake Constance after a day full of impressions, you will find here the peace and relaxation you desire.

Contemporary, because sustainable

We offer you the most modern mobility concepts for your holiday at Lake Constance. This is not only sustainable, but also relaxing. Use the generous offer of the public transport - thanks to your guest card ECHT BODENSEE CARD mostly

free of charge! Or you can move on two wheels in the fresh air.

So that what nature gives us remains

We want to preserve what makes the appeal of Park-Camping Lindau. That is why we carefully and sustainably maintain our historic tree population. So that our grandchildren can still find shade under the green leaves.

Always there for you

AT A GLANCE

You enjoy your free time - we are there for you and are always available for any wishes, questions or suggestions. Please feel free to visit us at the reception.

Electricity

Connections (16 amps) are available at central distribution points on the site. Good to know: 90 percent of the electricity required on the site comes from renewable sources.

Sat connection

Our naturally grown trees provide cool shade - but unfortunately not ideal for interference-free satellite TV reception. At our category B pitches you will find an alternative cable TV connection in the distribution box. If you need an adapter, we will be happy to help you at the reception.

WIFI

Wireless internet is of course available if the coverage is good.

Sanitary facilities

It goes without saying that cleanliness is the top priority in our generously sized sanitary buildings. The facilities are modernly equipped and are open around the clock. Showers with hot water are free of charge and there is also a dog shower (in sanitary building 3).

Dogs

Of course, human's best friend is also very welcome here. However, listed dogs are excluded from this. We also ask you to keep your dog on a short leash at all times out of consideration for the other guests. Roll leashes are not allowed.

HELLO DEAR KIDS!

It's great that you are here. We are looking forward to a great time with you here at Park-Camping Lindau!

With us you have arrived directly at the beach of Lake Constance. Here you can swim to your heart's content! And if you don't feel like cooling off, then we will definitely see you at the playground, playing basketball, on the football pitch or playing table tennis.

Or just visit us in the Pirate's Nest at the reception.

During the holidays (except Sundays) we are there for you from 10:00 am to 12:00 pm. Painting, playing, handicrafts, adventures - we always come up with something.

You only have to bring your good mood.

„It's always great fun!“

„ONLY THE TENT IS MISSING...”

Travelling with a tent means maximum flexibility and spontaneity. Camping today stands for comfort. If you want to, you can feel at home.

If you want to be independent and close to nature, you take your tent with you. This keeps your luggage manageable and your own (tent) roof can be put up and taken down just as quickly. True independence.

The same facilities are available to you at Park-Camping Lindau - whether you arrive by motorhome or put your herring in the ground.

There are plenty of campsites around Lake Constance. Whether it is the most beautiful here with us, we trustfully place this judgement in your hands.

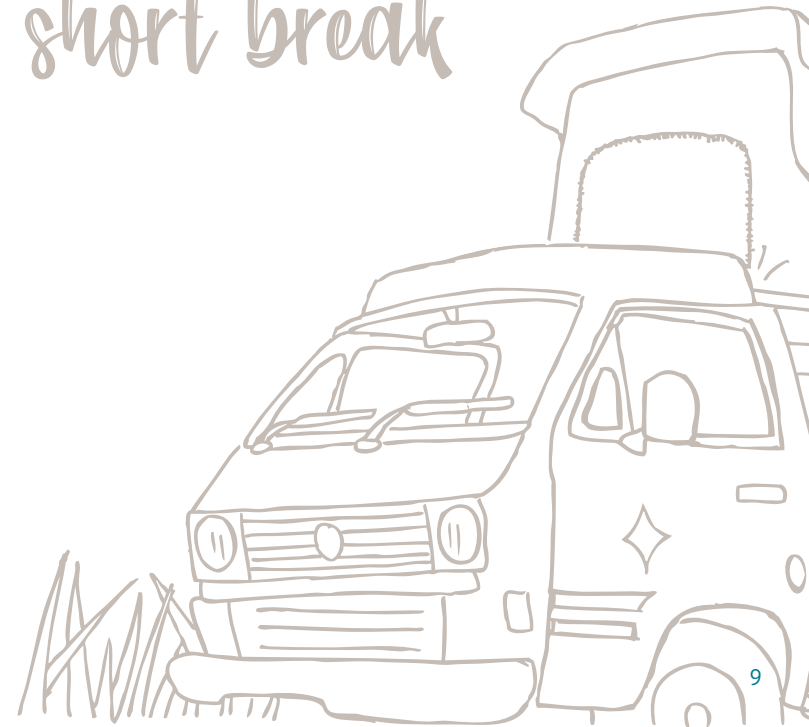

OUR TRANSIT SITES

In front of the entrance area outside the camping grounds are twelve camper van pitches for transients along the railway line. Even if you are only staying with us for a short time, you don't have to do without comfort.

The use of the supply and disposal station of Park-Camping Lindau is of course also included for transients. This includes the sanitary facilities and cooking areas, our beach, the sports facilities and the children's playground.

Please note that our transit pitches can only be occupied for a maximum of 24 hours and that the pitches do not have electricity connections.

YOUR TIME AT THE LAKE - POSSIBILITIES TO THE HORIZON

Lake Constance is large. It stretches almost 70 kilometres from Bregenz to Stein am Rhein. The number of possibilities that the region offers for your holiday is equally big.

Narrow alleys - wide views: the **heart of Lindau** beats on the island, which delights with its unique, Mediterranean flair. Lush greenery and a colourful splendour of blossoms turn the town in the lake into a „garden beach“. Walkers, strollers and sun worshippers both young and old get their money's worth on the sweeping shore steps that provide direct access to the lake.

Water fun is naturally at the top of the holiday list for most of our guests. Whether you use the lake access at Park-Camping Lindau and plunge directly into the cool water or prefer to

FOR PASSIONATE ANGLERS...

... there is hardly anything more uplifting than proudly pulling your catch out of the tide. Because anglers know that what nature gives us cannot be taken for granted. Out of respect for nature, fishing in Lindau is therefore only possible with a valid fishing licence. You can obtain this on request at reception on presentation of your valid fishing licence.

stay on the water with a canoe, SUP board or excursion boat: Everything is possible at Lake Constance.

Healthy exercise, lots of fresh air and the unique lake-and-mountain panorama await you on extensive **cycling and hiking tours** around Lindau. Reason enough to explore the four-country region of Lake Constance literally under your own strength. You know: You've only really been where you've been on foot!

Those who experience a lot are allowed to treat themselves to relaxation: To round off a perfect day, Therme Lindau offers **wellness directly on Lake Constance** - a fascinating sauna experience with a view of the picturesque Alpine panorama.

REAL BARBECUE, REGIONAL AND HOMEMADE

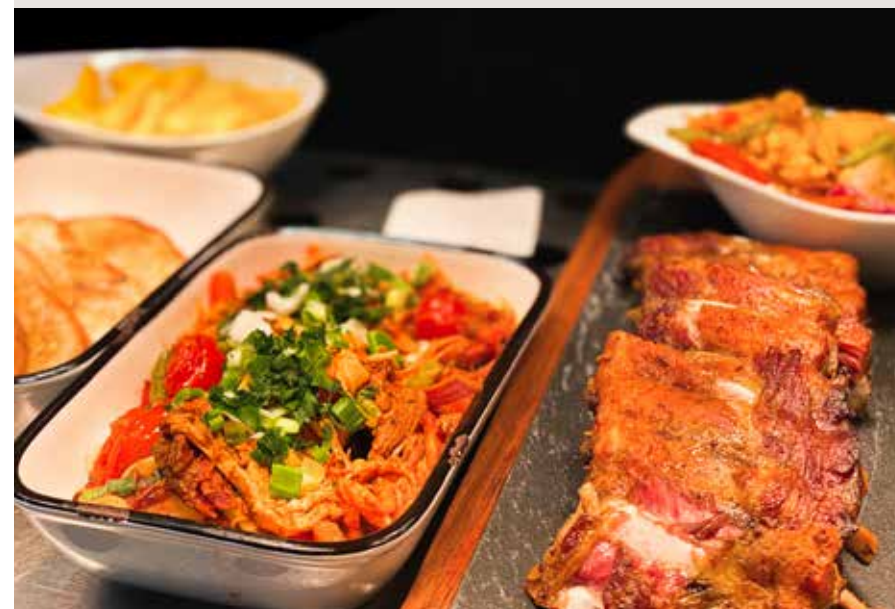

Deliciously tender specialties from the BBQ smoker, selected special cuts and steaks grilled to perfection: at the Strandhaus restaurant, everything revolves around grilling and barbecue - directly at Park-Camping Lindau.

Everything here is homemade, the high-quality ingredients come from the region. „We don't serve any ready-made meals or artificial additives,“ emphasises owner Klaus Winter, „we like cooking far too much for that“. The meat comes from Allgäu pasture-raised cattle and pigs, and most of the vegetables come from the island of

Reichenau. Sommelier Jasmin Schwabe-Winter's wine list also shines with a great selection of regional wineries from Lindau and Lake Constance.

The menu at the Strandhaus meets every taste - because all dishes can be put together individually. And if you can't get enough of grilling and barbecuing, you can watch Klaus Winter at work on his own TV show or on YouTube.

Self made!

GRILLING - BUT BETTER: WELCOME TO THE BARBECUE ACADEMY!

Speaking of looking over your shoulder: If you want to learn how to grill and barbecue in a varied way, you can attend a class at Klaus Winter's barbecue school - also here at the Strandhaus. For 18 years, the Barbecue Academy has been offering seminars for barbecue enthusiasts, from beginners to experts.

Whether all-round courses with multi-course menus on charcoal, gas, teppanya-

ki and high-temperature grills or special seminars on topics such as the barbecue smoker, fine game meat or exclusive premium meat varieties: Here you too can become a barbecue professional!

Would you like to stand by the fire and stoke the embers with Klaus Winter? Then book your course right now, because the places are in great demand!
